## Appeal of Twelve Point Suspension

### Explanation of Process

If you have received a notice of a twelve (12) point suspension from the Bureau of Motor Vehicles, you have the right to file an appeal prior to the start date of your suspension. Appealing your twelve point suspension allows the Court to grant occupational driving privileges during the six (6) month period that the twelve point suspension runs. To file an appeal of your twelve point suspension, you need to:

1. Complete the attached complaint.
2. Attach a copy of the Notice of Suspension.
3. Pay a filing fee of \$130.00 cash or check.

You will receive, by mail, a Notice of Appearance for an upcoming trial date. In order for the Court to grant you occupational driving privileges, you must bring to Court on your trial date the following documents:

1. Proof of insurance.
2. Your actual driver's license.
3. Certificate of completion of a remedial driving class.
4. A document listing the places and times that you are employed.

These documents will be submitted to the Court at the time of trial and the Court may grant you occupational privileges. If you do not provide these documents at the date of trial, the Court will not grant occupational privileges. Remember, **you must bring these documents to Court** at the date of trial.

Attached for your review is a list of remedial driving classes locally. This list is not complete and there may be other classes which you may attend. This class must be completed **prior** to your trial date. If for some reason you are unable to get into a driving class prior to your trial date, you must request, in writing, a continuance of the scheduled trial date.
