RESIDENTIAL TREATMENT PROGRAM LIST

The following is a list of several 72-hour alcohol programs in this immediate area compiled from the Services Directory published by the Ohio Department of Alcohol and Drug Addiction Services. These programs are also referred to as residential treatment programs (RTP) or driver intervention programs (DIP). This is not compiled in any certain order; nor does the court recommend one program over the other. The court simply provides this information, and it is up to you to choose the program that best suits your needs. Information about other programs is available upon request as well as information about programs throughout the state of Ohio.

Usually the programs begin on Thursday and conclude on Sunday evenings. You are required to stay the entire 72 hours in order to receive credit for completion. Please be advised that this program is in lieu of 72 hours in jail. **The Court requires that this program be completed within 90 days of the date you were sentenced unless otherwise noted by the Court.** Please also note that it is your responsibility to make certain the Probation Department has received your discharge summary. Please, due to confidentiality, no calls from family members. This information may be faxed to the Probation Department.

Please note that this list was compiled from the latest information received by the Court.

ONLINE COURSES ARE NOT ACCEPTED.
YOU MUST ATTEND A PROGRAM TO RECEIVE CREDIT
